

HEALTH, SAFETY AND ENVIRONMENTAL POLICY

Qatar National Facility Services (QNFS) shall, as a Qatar registered Company with local and international shareholders, uphold the highest ethical and legal standards in complying with all Health, Safety and Environmental (HSE) legislation, regulations and requirements. The Management of QNFS is fully committed to ensure that all resources and assets are made available to ensure the successful implementation and continuation of an HSE policy aimed at recognizing that People and the Environment are the most important assets of QNFS. Similarly People and the Environment are considered to be critical business success factors in the future of QNFS.

As the Management of QNFS we are committed to:

- Attaining the goal of zero harm to people and the environment
- Manage HSE as an essential business activity
- Strive to implement "Best Practice" and "World standard" policies and procedures
- Promote and establish a culture where all QNFS employees share and contribute the HSE policy
- Earn and maintain the confidence of all internal and external stakeholders

QNFS shall at all times actively encourage:

- Open and honest communication channels
- Reporting channels for any and all risks and incidents
- Regular HSE inspection and audits
- Maintenance and annual review of all HSE procedures
- HSE training and educational sessions for all employees
- Accurate reporting of HSE information

The Management is committed to ensure that QNFS plays a leading and visible HSE role with all stakeholders and that QNFS shall be recognized as a leader in the HSE environment.
