

Sustainable Development Policy

Proudly Qatar, QNFS's vision is to be the preferred supplier of asset centric services to the local Qatari market. We are committed to balancing the needs of the enterprise and its stakeholders while protecting, sustaining and enhancing the human and natural resources that will be needed by current and future generations.

Recognizing the critical link between a healthy environment and sustained economic growth we will :

- Comply with all applicable legal and regulatory requirements for the protection of our employees and the communities in which we operate;
- Incorporate environmental considerations into our business planning and decision making processes
- Identify, assess and manage environmental risks associated with our operations throughout their life cycle, to reduce or eliminate the likelihood of adverse consequences;
- Establish a formal environmental protection program, and set specific, measurable goals;
- Assess performance and truthfully report on a bi-annual;
- Eliminate or reduce harmful discharges, hazardous materials and waste, to the extent that proven and available technology will allow;
- Seek to conserve, reduce, reuse and recycle waste wherever possible to meet our goals;
- Act as advocates in the local community by championing environmental standards with our suppliers, customers and business partners;
- Seek an active, honest and open dialogue with all stakeholders to promote the development and communication of innovative solutions to industry environmental problems;
- Create internal awareness by providing regular communications and training for our employees in environmental issues.
